Proceeds Benefit :

Kai Pehlman - Kai is the 2-year old son of Kyle and Nicole Pehlman from Gilbertsville. Four years ago, Kyle and Nicole lost their firstborn child unexpectedly at five months. Two years later, they were overjoyed with the birth of Kai. Tragically, Nicole died unexpectedly in her sleep in February 2025 of cardiac complications while 7 months pregnant with their third child. Kyle is a self-employed painter struggling to raise his son.

Tanner Antalosky - Earlier this year, Tanner and his family received devastating news. He was diagnosed with Diffuse Intrinsic Pontine Glioma (DIPG), an aggressive and rare brain tumor. Since that diagnosis, Tanner has endured countless medical tests, procedures, and rounds of radiation with courage far beyond his years. He is now waiting to learn if he qualifies for a clinical trial that may offer additional hope.
